Toronto Leaside Girls Hockey Association
2009-2010 Tournament Team Program
Expression of Interest

During the past several seasons house league players have participated in area tournaments. The experience is great for the players. It builds teamwork skills, gives them the opportunity to travel, play against teams from other leagues and have a fantastic time!

We are planning to have 2 types of tournament team programs in 2009-2010: a more extensive program and a less extensive program. Our ability to proceed with the programs in the various age groups depends on the number of interested players (we need enough to form viable teams) and on volunteers to serve as team managers, coaches and trainers.

The more extensive program will run the full season and will involve regular skills development and practice and participation in house league tournaments on roughly a monthly basis. The budget for the more extensive program will be determined by the team manager in consultation with the players' parents, coaches and league officials. Based on past experience, the likely cost will be in excess of $1,000 per player (depending on scope and intensity of the program and sponsorship). The less extensive program will start later in the season, run for several weeks, involve a few practices and participation in 1 or 2 tournaments. The cost of the less extensive program is about $100 per player per tournament.

Based on our recent experience in house league tournament registration and due to recent OWHA (Ontario Women's Hockey Association) bylaw changes governing the definition and registration of house league teams, it is necessary that we identify our tournament team players early.

The tournament team program is open to all registered house league players. Players for House League tournament teams are accepted on a first-come basis. There are no tryouts or other competitive selection processes.

If you are interested in participating in the tournament program, please complete the following expression of interest. If you have questions, please call (416) 488-6737 or email leasidegirlshockey@hotmail.com
